PROFESSIONAL SUMMARY

High-achieving Computer Science student in the Japanese Bilingual Engineer Program at DUT. Strong logical thinker with a proven track record in Competitive Programming as a **Codeforces Expert (Max Rating: 1731)** and multiple ICPC awards. Experienced in practical AI development, specialized in Document AI pipelines, OCR, and Large Language Models (LLMs). Prominent student leader serving as an official **Google Student Ambassador** and technical community builder.

TECHNICAL SKILLS

- **Programming & Core:** C/C++ (Advanced/Competitive), Java, C#, Python, SQL, Lua, Data Structures & Algorithms.
- **AI & Deep Learning:** Large Language Models (LLMs), OCR pipelines, NLP, Computer Vision, PyTorch, TensorFlow.
- **Developer Tools:** Git/GitHub, Linux/Bash, LaTeX, Docker, Markdown, Prompt Engineering.
- **Languages:** English (Professional), Japanese (N4 level, actively pursuing N3).

EDUCATION

Danang University of Technology (DUT) - The University of Danang

Danang, Vietnam

B.E. in Information Technology (Japanese Specialization Program)

2024 – 2029

- **Honors Admission:** Directly/early admitted to 3 top-tier tech universities in Vietnam (DUT, VNU-UET, VKU).
- **Elite Squads:** Selected member of the university's official Informatics Olympiad and ICPC Training Teams.

PROJECTS & EXPERIENCE

AI Scientific Research Initiative (DUT Faculty of IT)

Danang, Vietnam

Project Team Lead & Lead AI Developer

2025 – 2026

- **Project:** Automated information extraction and structuring system from Vietnamese documents using LLMs and OCR.
- Designed an end-to-end document intelligence pipeline; optimized prompt engineering and fine-tuned local LLM models.
- **Achievement:** Awarded **Honorable Mention (Top 7 Outstanding Projects)** at DUT Faculty of IT Scientific Research & Innovation Day 2026.

Academic Projects (Project-Based Learning)

Danang, Vietnam

Project Lead & Full-stack Developer

2024 – Present

- **Kanji Learning Web App (PBL3):** Currently architecting and developing a full-stack web platform tailored for Japanese language learners.
- **Game Store System (PBL2) & TSP Solver (PBL1):** Developed a desktop GUI and an advanced optimization visualizer (Branch & Bound, DP with Bitmask) in C/SDL2, both achieving **A-grades**.

Google Student Ambassador (GSA Vietnam Network)

National / Danang, Vietnam

Official Student Ambassador (Representative for Central Vietnam)

2025 – Present

- Selected in the **Top 600 official Ambassadors** nationwide out of 7,000+ applicants.
- Awarded the **Top 200 "Gemini Rising Star"** for exceptional AI advocacy and Gemini-focused community workshops.

Technical Communities & Game Development

Remote

Creator, Administrator & Developer

2020 – Present

- **Kham Pha Khoa Hoc (2020–2021):** Co-founded and grew a science forum from 60K to **400,000+ active members**.
- **Mini World VN (2020–2022):** Developed customized gameplay maps using **Lua Script**, gaining over **324,000+ downloads**.
- **Informatics Olympiad Coach (2022–Present):** Mentored Hue high school students in advanced C++ algorithms.

COMPETITIVE PROGRAMMING & COMPUTATIONAL AWARDS

- **Codeforces Expert:** Reached peak rating of **1731** (Top competitive coder rank in Vietnam's student pool).
- **ICPC & Olympiads:** **Honorable Mention** at National ICPC 2025, Southern ICPC 2025, and Central ICPC 2024. Advanced to Central AI Olympiad Regional Round (Top 5 DUT).
- **National Contests:** **Silver Medal** at DUT Code League 2025; **National Finalist** at VNOI Cup 2023.
- **High School Honors:** **Honorable Mention** at Central & Highlands Olympiad and National Youth Informatics (2023); Consolation & Third Prize at Provincial Informatics Contests (2022–2023).

SCHOLARSHIPS & HONORS

- **Prestigious IT & Corporate Scholarships:** Google Career Certificates Scholarship (2026), Acecook Happy Scholarship (2024), Hue Study Encouragement Scholarship (2025).
- **Merit Awards:** "Tiep Suc Den Truong" by Tui Tre Newspaper (2024), Thanh Nhan & Xeo Chu Art (2024). Honored as Prominent Face Overcoming Difficulties by Hue TRT TV (2024).
